2005

Gerry Drake & David Goodall

Peartree Candidate
Gerry Drake

Peartree ward candidate **Gerry Drake** lives in the ward and knows the area well. He has been a ward councillor since 1993. Please give Gerry your support so he can continue to serve the residents of Coxford for a further term.

Vince Cable MP with David Goodall

Lib Dem Parliamentary Candidate David Goodall says:

The Liberal Democrats would

- Set up a scheme for the household collection of glass and food waste,
- Scrap Council Tax and replace it with a much fairer tax based on ability to pay,
- Increase investment in road and pavement repairs,
- Give local people a greater say over the way services are offered and how their money is spent.

"This election is one of the more important for years. On a promise to deliver great change, Labour were elected 13 years ago. Yet despite more money, public services gains have not matched the extra cash, due to too much central meddling.

Worse still we now have a banking crisis and large debts that Labour did nothing to avoid despite warnings by Lib Dem Shadow Chancellor **Vince Cable** years ago.

The Conservatives now say they are all about change. The truth is they are still Conservatives by name and nature.

Locally **David Goodall** has campaigned for more investment in our roads, fought against post office closures and supported residents in their fight against fluoride in drinking water. Please support the candidate who fights on the issues you care about.

SPRING ROAD/STATION ROAD JUNCTION

Gerry Drake is pleased that at long last works to improve safety at the junction of **Spring Road** and **Station Road** are to be carried out this month. The work will include better sightlines and clearly delineated road markings.

Remember you have two votes on Thursday 6th May ...

VOTE	Gerry Drake		X
	David Goodall		X

Liberal Democrats for a fairer greener city

David Goodall & Gerry Drake at Oak Lodge

Gerry Drake says "Although it is disappointing that a number of care homes have closed in Southampton, It is good news that new facilities for dementia sufferers have opened in Peartree at Oak Lodge.

Gerry Drake has worked hard for local residents on a wide range of issues from potholes, and uneven pavements to replacing street nameplates and repairing seats and new play facilities on Peartree Green.

Four steps to a Fairer Britain

- 1. Fairer Taxes that puts money back in your pocket** - Pay no tax on the first £10,000.
- 2. A Fair Chance for every child** - Smaller class sizes, more cash for schools and abolishing university tuition fees.
- 3. A Fair Future: create jobs by making Britain greener** - Invest in public transport, renewable energy and energy efficient homes.
- 4. A Fair Deal for you from the politicians** - Make politicians accountable and give you the right to sack corrupt MPs.

Three things to remember:

- 1 Liberal Democrat Candidate **Gerry Drake** lives locally and knows the area well. He keeps in touch all year round and gets things done.
2. The Conservatives have cut jobs and services whilst splashing out £85,000 on a spin doctor.
3. Labour cannot win in Peartree. They came third last time.
